superintended by ALEXANDER, who will en-  
deavor to give satisfaction to his friends and  
guests.  
L. WINTERMANTEL, Prop.  
Reno, April 9, 1876-3m

**A CARD TO THE PUBLIC.**

THE ADVERTISEMENT OF THE CARSON  
SOAP WORKS which appears in to-day's  
STATE JOURNAL was composed and written by me  
before ever the manager or workman of the Car-  
son Soap Works knew what a piece of soap was. I  
am surprised at L. S. Greenlaw appropriating an  
advertisement written by a person not having  
charge of the educational interests of a certain  
portion of our State. Were I connected with in-  
stitutions of learning I would not appropriate  
the simple composition of a hard-headed son of  
toll, or endeavoring to advance my own interests.  
P. H. MULCAHY.  
Carson City, May 12, 1876.

Reno, March 30-2m

**FOR FINE JOB PRINTING CALL**  
at this office.

For President of the United States:  
**B. H. BRISTOW,**  
 SUBJECT TO THE DECISION OF THE  
 REPUBLICAN NATIONAL CONVENTION

STATE NEWS.

Hon. Thomas Wren of Eureka, is mentioned as a candidate for Congress.

Some of the citizens of Carson endeavored to save their fruit trees by building fires under the trees at night.

A number of young ladies belonging in Virginia city will compete for the Centennial prize offered for the best specimen of penmanship. The competitors have to write out the Declaration of Independence in full.

The Supreme Court has rendered a decision in the case involving the constitutionality of the Act incorporating Carson City. The validity of the Act is maintained. The opinion is by Justice Earle, and is concurred in by Chief Justice Hawley and Justice Beatty.

If all the people come to Carson on the Fourth who have signified their intention of doing so, says the *Appeal*, we shall have an immense gathering here, and out Fourth of July Committee will see to it that a splendid celebration programme is gotten up.

The Bonanza Kings declare that they will elect a Legislature this Fall that will repeal the law taxing the net bullion product of the mines. No need of their electing a Legislature to repeal a law after they have issued a ukase declaring that the law has no binding effect upon them. Laws are not usually oppressive on kings. So says the *Carson Appeal*.

A line of stages is now making regular trips between Carson and Lake Tahoe. The stage leaves Carson for the lake at 8 o'clock A. M. The road is in good condition most of the way. In the vicinity of Spooner's, for a short distance, the snow is still twenty feet deep, but is packed sufficiently to hold up the teams passing over the snow-banks.

The Elko *Post* says the Humboldt river is now confined within its banks in most places and is steadily decreasing in volume. It is yet too early to angle for trout, but in a few days, as we have been told by those who profess to know, the sport will commence. The Indians have been spearing suckers for some time past, and these are the only fish, we believe, that are being taken from the Humboldt at present.

The Nevada and Northern Telegraph Company has been adjudicated a bankrupt before Register Gishell. The principal creditors are Platte Burr, Portland, O., \$28,500; Tillotson & Co., New York, \$6,000; C. P. R. R. Co., \$5,000. Total liabilities \$49,500. Assets consist of a telegraph line from Winnemucca to Portland, O., via Idaho, which has cost about \$100,000 and is now estimated to be worth \$65,000 to \$75,000.

The Owyhee river is still up and booming and the lowlands in many places north of Elko are flooded with water. Some gentlemen who came down from Tascara a day or two ago informed the Elko *Post* that salmon from the Columbia river were coming up into the Owyhee in large numbers, and that they readily take a hook and are easily caught. In places where the waters cover the meadows the fish leave the main stream and float out among the grass and reeds, rendering their capture an easy matter.

The public school in Carson is prospering finely under the management of Professor Howe, who is conceded to be one of the most successful teachers in the State. At the present time there are over 800 pupils in attendance. Eight teachers are employed in the school. There is also a business college in successful operation in the city. Miss Clapp, the well known teacher of the young ladies' seminary in Carson, has retired from the school and gone East. Her successor is a Mrs. Breck, a lady well fitted for the position. Her assistant in mathematics is Miss Clark, a graduate of the University of California.

TELEGRAPHIC NEWS.

EASTERN DISPATCHES.

**Sioux Campaign—Excuses.**  
 CHICAGO, May 22.  
 Colonel Royal's column of the Crook expedition is moving by forced marches on Fort Fetterman. The rear passed through Chug Waher, Wyoming, yesterday, with the troops in excellent spirits and no recent deserters. The citizens of Chug Waher telegraphed to Cheyenne for arms as they anticipate a raid by the Indians on the unprotected settlements after the troops have all passed into the Sioux country. A telegram from Fort Sully says that parties of Indians are leaving the reservation daily ostensibly to hunt game, but really to go on the war-path and hunt for the scalps of Black Hills pilgrims. The defaulting and absconding Collector of Chicago writes from his sojourning place in Canada, and states that he has been more sinned against than sinning. Gambling and indisputable politicians wrought his ruin, he says.

**Stokes—Illness.**  
 NEW YORK, May 22.  
 Stokes' counsel says that Albany today to secure his release. His term of imprisonment does not expire until the 27th of October.

A Rome special says that Cardinal Antonelli's health is again causing uneasiness in the Vatican. He is unable to walk, and is carried in a sedan chair. He is over 70 years old. Probably Escape.

WASHINGTON, May 22.  
 It is now tolerably certain that the Senate will vote against jurisdiction in the impeachment case. It is probable that nearly as many Democrats will join the Republicans as the Republicans lack votes. Edmunds will vote in favor. The vote will not be reached before Wednesday.

WESTERN DISPATCHES.

**Troubles—Suicide—Small-pox—Failure**  
 SAN FRANCISCO, May 22.

The injunction suit of A. Coolot against the Central Pacific set down for to-day was laid over till to-morrow at the request of the defendants. The war between the directors and the small stockholders of the Company promises to be carried to extremity. It is reported that the next move against the directors will be to attack the legality of the consolidation of the Southern Pacific with the Central Pacific, it being claimed by adverse parties that the statutory provisions were not complied with in such consolidation.

Judge B. F. Ferris committed suicide on Saturday morning last, by taking laudanum and throwing himself from the steamer Amador, on her trip from San Francisco to Sacramento. Judge Ferris came to California in 1850, and was an honored citizen of Oakland, having been in 1865 elected to the office of Mayor. About a year ago he helped to organize the First National Gold Bank of Oakland. After a while he withdrew from the bank, sold his stock in it, and engaged in speculation in mining. His losses in these speculations brought on a state of despondency, in which he committed suicide.

Several cases of small-pox have appeared in the city within a few days, and from the way in which the Board of Health are moving it is evident that they fear the epidemic. All the cases so far reported are from the purifiers of Chinatown, and it is supposed that cases exist here that have not been made known.

O'Leary failed to accomplish his 500 mile walk in 144 hours by 69 miles. Following is the time on Saturday night of each mile made after 11 o'clock; 427th, in 11:30; 428th, in 11:46; 429th, in 12:27; 430th, in 12:37; 431st, in 12:42. At the end of this mile O'Leary retired from the track, and Schmebl soon followed on his 282d mile, which he did not complete.

The Truckee hotel, at Truckee, is being enlarged by the addition of another wing. When completed it will be a full-fledged hotel and will accommodate 200 or 300 guests without trouble.

The Siro tunnel is now in 13,200 feet. The present rate of progress is about 60 feet per week. A track is being laid for the locomotive which is soon to supercede the mules.

MINING NOTES.

The annual meeting of the Crown Point Mining Company is called for June 5th.

A meeting of the stockholders of the Original Gold Hill Mining Company was held last week to consider a proposition for increasing the capital from \$3,000,000 to \$10,000,000 in 100,000 shares, and the vote was in the affirmative.

An assessment of 50 cents per share has been levied on the stock of the Poorman Mining Company, amounting to \$25,000, delinquent June 23d. This is the sixth assessment, and the total is \$175,000. We presume the Poorman stockholders will be still poorer before their fortune turns.

A third assessment of 50c per share has been levied on the stock of the Leviathan Mining Company, delinquent June 20th. The mine is in Storey county, and we presume the incorporators in naming it thought it was a big thing, and so collected \$100,000 in assessments.

A considerable quantity of bullion from the Northern Belle and other mines in the vicinity of Belleville and Columbus arrives in Carson by every stage. The daily shipment from the above mines averages about ten bars.

Some of the shareholders of the Hussey Consolidated Mining Company are very much elated over the prospects of the mine. It is stated that the hoisting works of the company are the most perfect of any yet erected in Elko county, but in no wise superior to what are warranted by the prospects of the mine.

Mr. S. Mooser, of Cornucopia, says the Elko *Post*, has been in town several days. His news from that camp is encouraging. He says that although the camp is dull at present, operations are going forward in the various mines which are bound to eventuate in making the town lively before many months. He thinks the future shipments of bullion from the Leopard will largely exceed their previous ones.

CENTENNIAL NOTES.

A *Chronicle* correspondent telegraphs from Philadelphia under date of the 19th, some very interesting Centennial news to the people of this Coast, and speaks of the precious ores of Nevada and her mills, and names the Pacific Coast Commissioners and Lecturers. We extract the portions to which reference is made:

Forty-eight tons of ore, mainly from the Consolidated Virginia and California mines, were received Wednesday, to be put through the Nevada quartz mill, which will be started in operation next week. The engine will not be ready before that time.

PACIFIC COAST CENTENNIAL COMMISSIONERS.

There are present here from the States and Territories of the Pacific Coast the following Centennial Commissioners: John Dunbar and W. Creigh of California; A. J. Dufur of Oregon; Elwood Evans and Alex. S. Abernethy of Washington Territory; Jas. W. Paine of Nevada; W. Hayden and G. Sawyer of Utah; and Thos. C. Donaldson of Idaho.

THE MINERAL DEPARTMENTS.

The State Boards hold seats in the Mineral Departments. Instructions have been received to include in the section allotted to the Pacific Coast the specimens of ores and minerals forwarded to replace those which had been destroyed while on the way here, and also any which came additionally. But in this department there is still a good deal wanting to make such an exhibit as the occasion offers and the Pacific States and Territories could so easily supply with surpassing credit to each.

PACIFIC COAST LECTURE SERIES.

There will be given a series of lectures upon the resources of the Pacific States and Territories by conspicuous citizens of each, selected by the respective Commissioners, during the Exhibition, and under this arrangement the following programme has been so far prepared: Governor Blaisdell and Gen. Thos. H. Williams are the lecturers for Nevada; Elwood Evans the lecturer for Washington Territory; Thomas H. Donaldson for Idaho; C. W. Bennett for Utah. California and Oregon have not yet selected the lecturers.

**DULL.**—Our business men complain of a temporary dullness. We trust it will soon be over.

**NOTICE.**—All persons are cautioned against purchasing certain Con. Po stock. See notice in another column.

**THE RENO PRISON.**—The Carson *Tribune* has the annexed article about our prison, some portions of which must be taken *ex grano salis* for of course Carson dislikes to acknowledge the fact that Reno is to have the State Prison on account of it being the only and proper place for it:

Taking into consideration the fact that the contemplated State Prison at Reno cannot possibly be built within the next decade, we are compelled to admit that the contractors have made a fine job of the walls. Mr. Charles Knust, of the firm of Hagerman & Co., Reno, drove us out to the walls, and we were really surprised to find so much and such excellent work done in so short a time. Brother Hoole has proven himself the man for the occasion, and contractor Richardson is by no means behind in the management of the work. By June 15th it is expected that the walls will be completed, and certainly no better looking walls can be found on the coast. For the sake of the prosperity of the growing town of Reno and the first-class business men who do there live we would like to see the prison built, but the project was conceived in sin, and no legislators can be elected this year that can be induced to vote for an appropriation for its completion. It is really a good location and a good prison might be built, but so long as the present prison is large enough it will not be moved.

THE CRADLE.

SHADER.—In Reno, May 21, to the wife of Ben Shader, of Truckee Meadows—a son.

NEW TO-DAY.

RENO OPERA HOUSE.

LAST APPEARANCE OF THE

AMYSTONE DRAMATIC ALLIANCE

## SHARPERS AT RENO.

The Latest Dodge for Swindling Emigrants—A  
Brick Trade in Gold Rings.

A Reno correspondent to the Virginia Chronicle describes a new and neat swindling dodge, which is being practiced upon innocent travelers from the East, by some wicked men. The emigrant, upon the arrival of the train at Reno, is approached by an eminently respectable old gentleman, looking venerable in gray hair and whiskers. The venerable party manages to get into conversation with the new arrival, and learning that he is bound for San Francisco, says that that is where he would like to go too, and would, indeed, at that moment, be in the metropolis of the Pacific Coast but for a misfortune he met with the day previous.

"Would you believe it, my friend," says the old gentleman, "I arrived at this confounded town yesterday direct from Iowa, and had the bad luck to lose my ticket."

"That's bad," says the sympathetic emigrant, "Why don't you get another?"

"Ah, my friend, that's easier said than done. I have plenty of friends in San Francisco, but don't know a soul here, and, besides, I spent my last dollar at the hotel last night."

Then the respectable person hopes that his friend, the emigrant, will excuse the liberty in consideration of the peculiar circumstances, but would it be too much to ask the loan of a trifling sum of \$12 with which he could purchase a ticket? He knows it doesn't look well to prefer such a request to a stranger, and he doesn't want any man to loan him money without security. Here's a heavy gold ring—a souvenir made from a nugget brought home to Iowa by a California friend, and he prizes it very highly. He will pay a hand-

some interest on the loan when they get to San Francisco. The emigrant moved by sympathy and a prospect of profit, bites. Profuse in his thanks the old gentleman takes the money, hands over the ring, and goes to the hotel for his baggage. The train moves off without him, of course, and the trusting traveler finds that he has paid \$12 for a brass ring, gold-plated and worth about ten cents. A thriving business is being done in this line, there hardly being a west-bound train that does not carry off one or more of these valuable keepsakes.

MCGINLEY TROUPE.—The McGinley Theatrical Troupe, of the Reno Opera House, gave two of their chaste and versatile entertainments in Belmont this week. The McGinley Sisters—May and Alice—Bobby and the old gentleman McGinley, are real good in comedy and farce, and the four combined are capable of pleasing an audience without any other support. Although the weather was disagreeable while they were here, the attendance both evenings was very good.—Belmont Courier of the 20th.

ARTICLES OF INCORPORATION.—Articles of incorporation have been filed in the office of the Secretary of State of the Sierra Nevada Coal Company, with L. R. Snyder, Wirt Hopkins, John Q. Moore, John P. Jones and Louis Wentworth as Trustees. The object of the incorporators is to mine for coal, petroleum and bituminous shale in the county of Washoe. The place of business of the company is Carson. Capital stock \$1,000,000, divided into 100,000 shares of \$10 each.

THE MINSTRELS.—A crowded house greeted the minstrels last night. Tonight there will hardly be standing room. An entire change of programme will be presented and each will vie with the other to carry off the honors. When a good troupe comes around it is always patronized, as in this case. So secure your seats early for to-night, as it is positively their last appearance.

ANOTHER FIRE.—A defective stove pipe in the Chinese wash house, adjoining Marshall's place, was the cause of a fire in that quarter yesterday; the alarm was promptly given by 48, and the hand engine was soon on the scene, and got first water, and with 48 soon extinguished the flames and prevented a disastrous conflagration.

SIXTY-FIVE more bars of bonanza last night.

JOHN C. CLOWES and Boss Tweed have not been heard from yet.

The Carson Appeal says of the Sierra Nevada Coal Company: This mine is situated near Verdi, in Washoe county, and promises to be one of the richest coal fields on the Pacific coast. The vein has been traced through the basin for two miles, and shows a breast of seven feet of brown lignite as well defined as any coal vein anywhere. We are glad to know that some of our own citizens are interested in the mine. They have been at work for some time in perfecting their title to the same, and have now secured six quarter sections, making 900 acres of coal land in their company. With the Sierra Nevada coal mine on the west and the Humboldt Coal Company on the east—both contiguous and both at work—we shall look for some developments in the carboniferous line this coming Summer. We shall be glad to record facts of this kind. Good coal mines are greatly needed to furnish our people with fuel. So let our carboniferous friends produce their black diamonds. We are not jealous.

NEW POSTAGE ENVELOPE.—The new Centennial stamped envelope has made its appearance. These stamped envelopes are of the denomination of three cents, and are issued and sold only at the Centennial Branch Post-office in Philadelphia. The Department at Washington not having notified the Postmasters throughout the country of their issue, they will probably give considerable trouble until they are known, and by that time they will be useless, as they are not good after the 10th of November. The design is a green escentheon with a mail-carrier on horseback, representing 1776, and an express train representing 1876. These dates are on the stamps, together with the words, "Centennial, United States—three cents."

ADVICE.—We want to see an end put to the practice of throwing water on each other after a fire. It is no sense of the word gentlemanly, nor business. Neither is it fun to squirt on the crowd that may have gathered around. At a fire, or after a fire, the utmost decorum should prevail, and everything go on in a systematic and business-like manner. The practice lately indulged in will lead to dissensions, heart-burnings and bloodshed. Let us have no more of it.

COAL MATTERS.—A company has been formed, principally of old residents of Carson, for the purpose of opening and working a coal field that lies near Verdi. A stratum of coal has been found two miles in extent, some of which assays 95 per cent. carbon, and is from six to seven feet thick. Nine hundred acres of land has been secured, on all of which is found unmistakable proof of a coal field. The company is fully organized and incorporated, and will commence work immediately.

NOW AND FOREVER.—Not for a day only but for all time is the young house of Grey & Isaacs settled in the dry goods trade of Reno. Every one says they must have extraordinary opportunities for purchasing goods, to enable them to sell at such prices as they do, and the goods keep coming, which is all the public ask.

YOUNG LADIES' SEMINARY.—Bishop Whitaker expects to have the new seminary for young ladies, at Reno, completed about the first of October next. A number of young ladies residing in Virginia City have signified their intention to enter the seminary as soon as its doors are thrown open.

BIDS.—The Odd Fellows' Building Committee is now ready to receive bids for the erection of the new Hall, according to the plans and specifications which are to be seen at Jaquish's store. Here is a chance for about a \$20,000 job.

VARIETY STORE.—Mr. C. J. Brooks announces, in another column, something of importance to the public. It would take too long to enumerate all the good things he has to sell. Read his advertisement, and then give him a call.

THE frost of the last two or three nights has done a good deal of harm to the fruit trees and clover, besides wilting locust trees. We are in hopes that the damage will not cause the crops to be lost.

FOR SALE.—A house and lot on Third street is offered for sale. Inquire at Manning & Duck's.

STATE SUPERINTENDENT KELLY, says the Carson Appeal of the 20th, has just returned from an official trip to Washoe and Churchill counties and informs us that school matters are looking up in those regions. In Churchill, under the direction of W. H. H. Pike, teacher and County Superintendent, a work worthy of any county in the State has been accomplished. A large building has been erected, costing \$3,000, at about the center of the county, and over thirty children have been gathered (there is only forty-three census children reported) and a comfortable home, where they are well provided for and furnished with excellent school facilities for ten months in the year. The accommodations are equal to a first-class boarding school; the table bountifully supplied; the school well conducted, and the enterprise a grand success. Excellent order prevails, and Churchill is to be congratulated on its educational institute. Heretofore, on account of distance, none of the children in the county could secure more than three months schooling in the course of the year, but under the present arrangements all receive the benefit for the full term of the year. The person says the Churchill people only have to be visited to be known. They are liberal and hospitable to a fault. The schools in Washoe county visited viz: Washoe, Reno, Truckee Meadows, Glendale, Browns and Verdi are in a flourishing condition. County Superintendent Ring is doing a good work. The schoolhouse at Reno has been enlarged and two new teachers employed.

AMY STONE TROUPE.—This popular troupe give a farewell benefit to-morrow evening. The "Two Orphans" is the play. It is the most thrilling drama we have ever witnessed, as we saw it at the California, in San Francisco. See the advertisement.

GAS.—As an evidence that Susanville is progressing we note the fact that Mr. Cohen, of Reno, has sold one of his gas machines to a Mr. Kuech, and at least one Susanville store will soon be lighted with gas.

FREIGHTING.—Several teams, all heavily loaded, were sent out from Reno yesterday with freight for the northern country.

DAMAGE TO FRUIT CROP.—It is estimated that the cold snap destroyed from \$8,000 to \$10,000 worth of fruit in Washoe valley.

The stock market appears steady and strong. Many who are on the "nigger edge" are still expecting the Spring rise.

The Governor returned to Carson Sunday.

MONTGOMERY QUEEN is coming.

The National Gold Medal was awarded to Bradley & Hudson for the best Photographs in the United States, and the Vienna Medal for the best in the world.

422 Montgomery Street, San Francisco. mil
